

EVERYTHING READY FOR GREAT EVENT

Details of Programme for Observance of Labor Day Are Completed.

PARADE PROMISES TO BE BEST EVER SEEN HERE

Principal Gathering at Lagoon, Where Interesting Contests Are Scheduled.

Labor Day Programme.

10 a. m.—Parade.
2:30 p. m.—Horse races, fair grounds.
3:30 p. m.—Field programme, Lagoon.
8:30 p. m.—Address, Eugene V. Debs, Liberty park.
8 p. m.—Address, Eugene V. Debs, Kennedy's hall.
8 p. m.—Bicycle races, Salt Palace.

Monday is Labor day and in Utah, as in many other states of the union, will be observed as a legal holiday. All stores, banks, offices and various other places of business being closed. It is the one day of all the year which is dedicated to the laboring man. The laboring man holds it as precious as the little child does Christmas. Wherever Labor day is observed it is celebrated with big parades, and elaborate programmes of sports and field events. In many places addresses also characterize the day's programme.

In this city the festivities will begin with the largest parade of its kind which has ever been seen on the streets of Salt Lake. It will consist of more than forty allied and affiliated trades unions of the Salt Lake Federation of Labor, and it is estimated that thousands of men will participate in the big event. Numerous beautiful and artistic floats, together with other unique features, will be included in the parade, and the general committee in charge is sure that it will be the largest and most pretentious labor demonstration ever witnessed here. The formation of the parade will be as follows:

Parade Formation.

First division—Grand marshal of the day, Sidney Chalkley; chief aide, A. E. Harvee; station of police, H. A. Leland; Salt Lake Federation of Labor, machinists' union, boiler makers, boiler makers' assistants, blacksmiths, iron molders, carriage and wagon makers, horseshoers, railroad carmen, switchmen, clergymen, leather workers, tailors, boot and shoe makers, second division—Division aide, F. W. Butler; street carmen's band, street car employees, typographers, typographers' union, bookbinders, millers, brewers, beer bottlers, beer drivers, bartenders, stage employees, barbers, Y. M. C. A. (three floats, representing mental and physical culture). Third division—Division aide, S. W. Swyers; Utah State band, structural iron workers, hoist and stationary engineers, sheet metal workers, plumbers and gas fitters, plasterers, bricklayers, stone-masons, stonecutters, building laborers. Fourth division—Division aide, S. A. Birkham; painters and decorators, sign writers, electrical workers (unions Nos. 57 and 554), brotherhood of carpenters, brotherhood of millwrights, steamfitters, carpenters, team owners, team drivers, fire department.

The parade will fall into line at the Federation of Labor hall, corner of State and Fifth South streets, from where it will march west on Fourth South street to Main street, north on Main street to the Brigham Young monument, countermarch on Main street to Fifth South street, where it will turn south and thence to the Federation hall. The parade will be about two miles long.

At 2 o'clock in the afternoon the labor men, together with their wives, families and many friends, will go out to Lagoon, the "Prettiest Spot in Utah," where a large programme of sports, field events and other festivities will take place. There will be contests in racing, swimming, dancing, boat racing, jumping, waltzing, bicycle racing, tub racing and nail driving. The programme will begin promptly at 2:30 p. m. on the ball grounds, where the men's contests will be pulled off. The ladies' contests will take place at 3 o'clock in front of the dancing pavilion. While the latter are being carried on the water events will be held on the lake. The evening will be spent in dancing.

Other Programmes.

While the principal doings will be at Lagoon, each of the other resorts has arranged a special programme. At Salt Palace there will be a band concert, and at the Utah State Fair grounds horse races will be pulled off under the auspices of the Salt Lake Driving club. Bicycle races will be given at the fair grounds. At 5:30 o'clock in the afternoon there will be a big baseball game between the Occidental and Murray teams.

It is understood that an effort is being made to come to an agreement with the Utah Light & Railway company whereby the frequent interruptions of traffic caused at crossings by street cars will be eliminated. Everything possible is being done to make the day a glorious success, and it no doubt will be.

FINAL SUMMONS COMES IN EIGHTY-NINTH YEAR

Mrs. Maria Hood, mother of Mrs. L. E. Hall, died at the residence of her daughter, Saturday morning, in her 89th year. She is survived by one brother, Forest Savage, of Lawrence, Kan., and five children, William Hood, chief engineer of the Southern Pacific railroad, San Francisco; Mrs. H. C. Dillon, Los Angeles; Forest Hood, Los Angeles; Worthen Hood, Modesto, Cal.; and Mrs. L. E. Hall, of this city.

A private funeral service was held at the residence of Mr. and Mrs. Hall Saturday afternoon. Mr. and Mrs. Hall accompanied the body to Denver, where burial will take place at Riverside cemetery, Sunday afternoon.

UNTENABLE STAND TAKEN BY MOYLE

Board of Education Member Opposes Free Books for Detention School.

NEWMAN AND GIAUQUE TO HIS ASSISTANCE

Other Members, However, See to It That Children Are Properly Provided For.

A resolution, providing that the city furnish the pupils of the Utah Industrial school, better known as the Detention home, with text books and other supplies, that it may be continued through the winter, was virtually decided on at a meeting of the board as a committee of the whole, Thursday, met with bitter opposition from Oscar W. Moyle at the meeting of the school board Saturday afternoon. He objected to the city extending aid to the Detention home on the ground that it is not a municipal institution.

You might as well furnish all of the private schools, including the Latter-day Saints' university and similar institutions, with supplies as well as to supply text books and other apparatus to this school," he said.

Mr. Moyle's argument lost its force, however, when it was pointed out that the Latter-day Saints' schools are private institutions, while the Detention home is a public school. Prof. Byron Cummings advocated the adoption of the resolution on the grounds that its fulfillment appeared to be a duty to the unfortunate children it was destined to benefit. Inasmuch as the board had already recognized the school by turning over to it the old Utah building, it appeared just that further aid should be extended.

Judge H. P. Henderson pointed out that the county is paying the expenses of the school and Joseph Oberndorfer said that the city is receiving its per capita tax for the children sent to the school from the city.

Messrs. Cummings, Hammond, Oberndorfer, Thomas and Henderson voted for the resolution and Moyle, Newman and Giaouque against it.

Bids for Building.

Bids were opened for the erection of a new two-story, eighteen-room school building on the Walker site, between Main and West Temple and Ninth and Tenth South streets, but no decision was reached. The bids were opened to a committee consisting of Richard K. Kletting, architect; L. P. Judd, clerk of the board, and George M. Bridwell, superintendent of buildings, for investigation. The bids will report back to the board Tuesday night. Two bids, not accompanied by certified checks for guaranty for the faithful performance of the work, were not considered. They were those of Lewis A. Gosier and Timms & Son. The other bids were: Lester & Deagan, \$87,500; A. & J. McDonald, \$98,875; Miller & Jensen, \$116,000; Fred Dryer, \$93,955. Plumbing, heating and lighting are not included. The building is to be completed by the opening term of next year.

Contracts entered into by the committee of the whole were approved as follows: Manual training buildings—Washington school, \$108,000; L. P. Fowler, furnishing iron guards and gates on school yards, \$143,275; P. E. Schoppe, furnishing and installing guttering for Webster school, \$18.

Bids Are Accepted.

The following bids were accepted: G. W. Anderson, repairing blackboards this year, \$1,250; A. Godwin, painting Webster school, \$242; same, Wasatch school, \$173; Heggen Bros., painting Jackson school, \$108; L. P. Fowler, furnishing iron guards and gates on school yards, \$143,275; P. E. Schoppe, furnishing and installing guttering for Webster school, \$18.

A plot of ground adjoining the Hamilton school, to be used in manual training work, was bought from A. O. Miller for \$2,500, and supplies for the High school, to cost \$57, were ordered.

Superintendent D. H. Christensen, and published two or three days ago, was approved.

Prior to the meeting Tuesday night the building and grounds committee will meet in the afternoon.

The Oasis Project.

COME TO THE FRONT WITH USUAL SUIT

Suit was filed in the United States circuit court Saturday by Oscar J. and Abraham A. Reese, under the firm name of Reese Bros., against the Utah Consolidated Mining company, for \$6,550, claiming that their land and crops have been damaged to that extent by the smelter and fumes from the smelter of the defendant company. Also, that horses and cattle have been lost by grazing upon the affected land. The land in question is known as the Jordan Stock Farm, located in Salt Lake county, in township 1, south of range 1, west Salt Lake meridian. Reese Bros. usually file suit annually.

FOUND AT THE ROYAL CAFE.

Dainty food and a cool place to eat.

Mrs. Foster Divorced.

Mary E. Foster was granted a divorce from Joseph W. Foster, in Judge Armstrong's division of the Third District court, Saturday, and awarded \$10 a month alimony. Failure to provide for the ground on which the decree was granted. They were married at Farmington December 12, 1907. There are no children. The plaintiff also was given back her maiden name of Mary E. Haddock.

Excursion to Brigham, September 16.

DETAILS COMPLETE FOR AUTO CONTEST

More Than Fifteen Cars Will Enter the Gunnison Endurance Race.

PREPARATIONS ARE MADE FOR ROYAL GOOD TIME

People at Stopping Places Prepared to Give Contestants Great Reception.

Preparations for the great endurance automobile run from Salt Lake City to Gunnison, Monday, are practically completed. The cars will start at 10 o'clock from in front of The Tribune building and will proceed in order, each car being numbered. They will be expected to proceed throughout the run at a speed not greater than twenty miles an hour and to make the different distances within schedule time. A distance will be maintained between the cars sufficient to prevent any machine running in the dust of the preceding one, and everything will be done to make the trip an enjoyable one. A pilot car will precede the contestants, placing flags at all crossroads, a red flag signifying turn to the right and a purple flag a turn to the left.

The number of entries at the present time is fifteen. A recent letter from Anthony Motcalf, president of the City Council of Gunnison, to W. E. Macarion, who is managing the affair, expresses great interest in the run and promises his assistance and co-operation in making the event a success.

May Increase Number.

The letter also gives the information that it will be possible to increase the number of entries by six, and owners of cars who wish to compete are requested to present themselves to Mr. Macarion in front of The Tribune building Monday morning between 9:30 and 10 o'clock, in order that they may be given instructions and properly entered. All owners of cars who intend to make the run "free lance" are also requested to communicate with Mr. Macarion at that time, so that arrangements may be made for their entertainment at Nephi and at Gunnison.

The first stop will be at Springville, where an hour will be taken for lunch. The first night will be passed at Nephi, and the contestants are expected to reach Gunnison before noon Tuesday. Citizens of the town have arranged to give a banquet to the visitors and a chicken dinner will be served. During the afternoon a run will be made to Mantu, a distance of about thirty miles, and a banquet will also be served there, to be followed by a dance in the evening. It is expected that many of the cars will return to this city Tuesday night, although it is the intention to start Wednesday morning and make the run "free lance" during the day.

Fruit Lands.

10,000 acres of choice fruit lands included in the Oasis project. Carey act opening and drawing, Oasis, Utah, September 25th.

Quick express service via Bamberger Express line between Salt Lake and Ogden. Phone our agent 2000.

REAL ESTATE MEN NOT COMPLAINING

Business Is Reported Good and Many Sales Are Being Made.

Reports from the Hubbard Investment company show that the activity is great in the additions on the West Side. The sale of building lots amounted to \$7500 for the past week, as follows: Nine lots in Oakdale, two lots in Oakley and a plot 82½x140 feet in block 92, plat C. The company also sold three rods of land on Brigham street, between Eleventh and Twelfth East, facing north, to W. H. Childs for the Auerbach estate.

R. C. Davis & Co. report the sale of the following properties, amounting to \$12,000: S. E. Young to Thomas Coplin, a house at 841 South First West; the property at 607 Seventh East for Joseph E. Shivers; M. J. Janssen to L. R. Evans, the property at 658 East Sixth South; E. P. Haggard to Mrs. Thompson and Mrs. Reel, the property at 918 Eighth East.

The Mahan Investment company reports the sale of a house in Jefferson street, a five-room modern brick structure; also a building lot on Eighth South, near West Temple. They also report many calls for property in the locality just south of the penitentiary and in the vicinity of Wandamere.

Work on the new apartment building to be erected at the corner of First avenue and A street by Oliver R. Meredith, will be started Monday. This building is expected to be one of the handsomest structures of its kind in the city, and its excellent location should make it unusually attractive.

Walter J. Meeks reports the sale of a building lot on M street, with a frontage of ten rods on Sixth avenue, to Gerald B. Xanderley. It is the intention to have erected here a number of five-room cottages. The sale of the five-room brick house at 609 Seventh avenue by Alma Harper to Mr. Yearnsley was also reported.

Young Woman Will Recover.

Miss Eugenia Gravette, the young lady who was thrown from a horse at the corner of First South and Main streets Friday night and hurt severely, is resting comfortably at the Holy Cross hospital, where she was taken. Reports from the hospital Sunday morning gave the information that she was getting along very nicely and without doubt would recover.

EXPERT KODAK FINISHING.

Harvey Shipley, Commercial Photographer, 151 South Main, second floor.

AMERICAN CLUB TO MEET ON TUESDAY

Annual Gathering for the Purpose of Electing Officers and Reorganizing.

PLACE IS JUDGE DIEHL'S COURTROOM, TIME 8 O'CLOCK

Meeting Promises to Be One of Largest Attended Since Organization of Club.

The American club will meet Tuesday evening, September 8, at 8 o'clock, at Judge Diehl's court room, in police headquarters. D. C. Dunbar, president of the club, issued a call for the annual meeting Saturday afternoon, for the election of officers and the reorganization of the club, and urges that all members attend, as this meeting is of vital importance to Americans. President Dunbar's call is as follows:

"To the members of the American club—We herewith issue a call to the members of the American club for the annual meeting to be held at Judge Diehl's court room Tuesday evening, September 8, at 8 o'clock, for the purpose of electing officers and reorganizing. We urge that all members attend, and also to invite and interest their friends. Yours respectfully, 'FRANK K. CHRISTENSEN, Secretary.'"

Joseph Cecil has been circulating a petition in the interest of this meeting and over 300 have signed their intention to be present and to boost for the American club. The American club has been a potent factor in previous campaigns for the American party, and its members intend to make it felt in the coming fall campaign more than ever.

If you are not already enrolled as a member, fill out the following application, have it signed by a member of the club, and be a worker for the American cause: "To the American club—I herewith tender my application for membership in the American club. I believe in the principles advocated by the American party. I desire to become a member and to assist the cause in whatever way I can."

BURT GOES TO OGDEN AND NABS HIS QUARRY

On advice of Sheriff C. M. Collier, of Prairie City, Ore., William Bell was arrested in Ogden Saturday morning by Detective Burt. Bell was located in this city and when the police went to get him he had left for Ogden. Detective Burt took the next train for that town and had no trouble in apprehending his man.

Bell, it is said, is wanted in Prairie City for obtaining \$500 from a young woman to whom he was alleged to have been engaged.

Bell is a traveling man, or claims to be, and is as slick a talker, say the police, as has been brought into the station for a long time.

Empire Theater Special. Living poses. Flags of all nations.

NEW PUMPING STATION BEING HURRIED ALONG

City Officials Visit Site of Plant and Confer With Contractors.

The sewage pumping station will now be hurried to completion, and the west side sewerage system should be in operation within three weeks at the outside.

The Board of Public Works, City Engineer L. C. Kelsey, Chief Inspector M. Fitzpatrick and J. J. Davis, president of the Council, visited the pumping station Saturday afternoon and held a conference with representatives of the Campbell Building company, which is installing the outlet pipe, with the result that the building company agreed to remove the water, which is delaying the work, from the pits. The work of pumping the water out was started at once and the pits will be dry by Monday, so that Fairbanks, Morse & Co. may begin now the installing of the pumps. How long this will take is uncertain, but it should not require more than two weeks, and as the outlet pipe will be finished in a week the system should be in operation in about twenty days.

Dr. D. Cassidy, who was on the train, carrying it to the family home, where he remained with it until an ambulance from the Latter-day Saints hospital came.

Dr. Cassidy washed the arm and banded it up to prevent the child from bleeding to death. The little victim was unconscious for a few minutes after the accident.

At the hospital an operation was performed upon the arm and the other many wounds attended to. The child is in a very dangerous condition, but reports from the hospital early Sunday morning were to the effect that it had a good chance of recovery.

DEAD BABY GIRL FOUND ON LAWN

Growsome Find Is Made by Gail McDonald at 124 Fourth East Street.

PROBABLY RESULT OF YOUNG WOMAN'S SHAME

Police Are Busy on the Case, Although They Are With-out Clues.

A newly-born but dead baby girl was found Saturday morning wrapped up in a newspaper and bed sheet, lying behind a stone coping and rose bush on the lawn in front of the residence of J. G. McDonald at 124 Fourth East street. The find was made by Gail McDonald, the eleven-year-old son of Mr. McDonald.

When discovered the child's body was cold, but rigor mortis had not set in. Young McDonald came out on the lawn to play and discovered the bundle behind the rose bush. He drew it out and examined it and found the little baby. He ran in and told his father what he had found and the police were notified.

Police men Moore and Clough went to the scene and brought the body to the emergency hospital.

The child's mouth and ears had a quantity of blood in them, but whether it is a case of murder or not is a matter of much doubt. There is a bare possibility that the child might have been smothered to death, but there was no evidence other than the blood that it might have been killed.

The police are of the opinion that some young girl placed the baby there to hide her shame, and a rigid investigation is being made to discover who the person or persons may be that placed the child on the McDonald lawn, although there is no definite clue to work on.

Acting Coroner Dana T. Smith viewed the body and pronounced death due to violence, and ordered the remains removed to O'Donnell's undertaking parlors.

The child had no clothing on and there was nothing about the paper or sheet in which it was wrapped that would give the police a clue to work on. The child had not been born but a few hours.

POLICEMEN ARE NOW LOOKING FOR CARLSON

Members of the local police department are on the watch for Carl Carlson, a young fellow who escaped from the city jail two days ago, after being allowed to work about the building as a trusty. Carlson was sentenced to thirty days for petit larceny, and after serving two days of his sentence, took French leave.

A description of the man was given to all the policemen Saturday, and as he is well known about town the police expect no trouble in landing him back in jail to serve out the remainder of his time. Officers know where he hangs out and probably not many hours will elapse before Carlson is peeping through the bars.

CHILD'S RIGHT ARM CUT OFF BY TRAIN

LeRoy Lambert, 18 Months Old, Suffers Terrible Injuries From Saltair Train.

LeRoy Lambert, the eighteen-month-old child of Mr. and Mrs. Clarence Lambert of 17 South Fifth West street, was struck by an incoming Saltair train at the South Fifth West street crossing at 7:15 o'clock Saturday night. The right arm was cut off a few inches from the shoulder, there are two severe scalp wounds, and bruises all over the little body.

The child had been allowed by its mother to go out in the yard to play, and, unknown to her, tumbled over to the Saltair tracks, where he but a few rods from the house. Those who saw the accident saw the child saw the train coming and made an effort to rescue the track, and the train crew did not see the child in time to stop.

The child was thrown quite a distance along the track, and when he stopped rolling had his right arm lying across the track. The engine wheels passed over it, cutting it off a few inches from the shoulder.

Dr. D. Cassidy, who was on the train, carrying it to the family home, where he remained with it until an ambulance from the Latter-day Saints hospital came.

Dr. Cassidy washed the arm and banded it up to prevent the child from bleeding to death. The little victim was unconscious for a few minutes after the accident.

At the hospital an operation was performed upon the arm and the other many wounds attended to. The child is in a very dangerous condition, but reports from the hospital early Sunday morning were to the effect that it had a good chance of recovery.

BIGGEST BOOSTER TRIP YET GIVEN

Elaborate Preparations for the M. and M. Excursion to Logan on Monday.

AGRICULTURAL COLLEGE WILL TAKE ACTIVE PART

Many Interesting Affairs Have Been Arranged for Pleasure of Visitors.

Unless some of the arrangements being made for the grand boosters' excursion to Logan Monday misarrange, the event will be one of the largest affairs of the kind ever held in this state. John T. Ceine, Jr., George Thomas and A. K. Arnold, three instructors from the Agricultural college at Logan, will be at the train in Salt Lake City Monday morning to act as the personal representatives of the college to the hundreds of people who are expected to make the trip. Len J. Haddock, secretary of the Manufacturers and Merchants' association, who has been absent for the past two weeks in the east on matters connected with bringing a new industry to this city, also will be present, and other officers of the association and many of the leading and representative men of this city and Ogden are expected to take part in the excursion.

The special train chartered for the occasion will leave the depot of the Oregon Short Line railroad at 7:30 Monday morning and will arrive in Logan at noon in the forenoon. The college authorities have arranged to have 100 carriages in waiting at the station and the Agricultural college, where they will remain long enough to see the institution thoroughly and to gain some idea of the manner in which agricultural education is carried on.

Educators for Guides.

Many instructors for the institution will be present to act as guides and many of the students will also assist in explaining the various things about the place. Lunch will be served here to all the visitors, the food being prepared by the young ladies of the department of domestic science.

Ample time will be allowed to permit the visitors to see everything about the institution and they will be taken back to the city again in the afternoon. Arrangements are being made to conduct an expedition to Logan canyon and it will be possible for those who wish to see something of the beautiful canyon and to partake of dinner at one of the famous resorts of the place.

Dinner also will be served at the hotel for those who wish it, and everything possible will be done to show the hospitality of Logan citizens and the points of the city.

The return train will leave Logan at 8 o'clock in the evening, so as to reach Salt Lake City again before midnight. Reports from the college town are enthusiastic and preparations are being made for the entertainment of at least 1000 guests. Officials of the M. & M. and of the Oregon Short Line say that the actual number who will take in the affair will not fall far short of this number.

Mass Meeting.

The mass meeting which is to be held in the Logan tabernacle will be a great feature of the expedition, and here the visitors will be regaled with a special organ recital and by numbers by the tabernacle choir. The Logan city school will also be in line, and in attendance during the day and it is expected that their performances will prove no small contribution to the festivities. At the meeting the list of speakers will include the officers of the college and of the M. & M. of this city, and it also is intended to secure Governor Cutler and United States Senator George Sutherland. The mass meeting will be the charge of the Logan Commercial club.

It is the intention of the promoters to provide everybody present with badges and boosting literature of all kinds, and the college band will be what it implies in name. Those who have never seen the wonderful Cache valley and the beautiful Bear river canyon, which forms the entrance to the valley, will be able to see it all in fact take advantage of this occasion to see the boosters on Monday and make of the affair a grand celebration which will be one of the features of the season.

A SAFE, STRONG BANK FOR SAVINGS DEPOSITORS.

Savings accounts draw 4 per cent interest, compounded semi-annually.

Dr. D. Cassidy, who was on the train, carrying it to the family home, where he remained with it until an ambulance from the Latter-day Saints hospital came. Dr. Cassidy washed the arm and banded it up to prevent the child from bleeding to death. The little victim was unconscious for a few minutes after the accident. At the hospital an operation was performed upon the arm and the other many wounds attended to. The child is in a very dangerous condition, but reports from the hospital early Sunday morning were to the effect that it had a good chance of recovery.

You'd be surprised to know how many of our commercial customers and savings depositors are getting out of their way to induce others to open accounts with us.

We believe this is a pretty fair indication of the confidence and cordiality they feel toward this bank.

Still better, this sentiment seems to be universal among all the patrons of this institution.

Make our bank your bank. UTAH SAVINGS & TRUST COMPANY.

In the Business Heart.

Take the children to Wandamere.

RELIGION IS THEME OF SUPERINTENDENT

Head of Public Schools Religious Subjects Must Be Eliminated.

STATEMENT IS MADE IN ADDRESS TO TEACHERS

President Kingsbury, of University of Utah, and Others, Are Heard.

D. H. Christensen, superintendent of the public schools of Salt Lake, placed a ban upon religious subjects in the schools, in a lengthy address to the teachers of the city at their gathering of the year at the Latter-day Saints school building, Saturday morning. "Religious questions should be studiously avoided and discrimination eliminated from public school instruction," he declared. "The major portion of the child's moral training should be left to the home, and the teacher may, and does, do much for the moral well being."

"Every problem accurately fully solved, every exercise well has helped to make a stronger, more positive character," Mr. Christensen added. "In this aspect of moral training no one questions the right of the public school. And, as a matter of fact, there are certain great cardinal principles underlying right conduct that the school teacher is free to teach, and these are certain other principles governing conduct and fixing the stamp of public approval. These must be in all cases eliminated from the instruction to our pupils of the public schools."
